Quality Control System

Presence/Worked With Buyers

- ❖ Does not give preference to any religion cast, sect, regionalism, gender, political or any outside pressure etc.
- ❖ Abides by the rules and regulation of the B.K.M.E.A. & B.G.M.E.A. mandate,
such as medical facilities with medical leave and others.
- ❖ Does not employ or encourages any child workers.
- ❖ Necessary safety equipment's are provided to the workers on specific jobs,
along with monitoring of proper use of the equipment's.
- ❖ Considering the provision of medical facilities to our workers & staffs under
the prevailing labor act we have set-up a complete dispensary supported by
a medical officer and a nurse.
- ❖ There have a prayer room in 2nd floor.
- ❖ We maintain the Fire system completely within the frame work of
international safety act. Necessary firefighting equipment are staged in place
of emergency to provide considerable support. We also maintain a fire alarm
system and to receive additional external support in terms of requirement.
- ❖ Necessary generator units have been set-up for the purpose enabling
24hours self-generated power supply to the project.

AUTOMATION KNITWEAR LTD is determining to provide every facility to their workers. We believe to ensure a good working condition so that workers can give their best output to fulfill the company's goal.

OUR CLIENTS

Our business strategy is to focus on knit garments niche. We used to visit into new market areas searching the buyers of unique interest & value of knit item. We always attempt to satisfy the buyer's requirements conforming superior quality

honoring their creativity.
